*Our Credit Rating Scores are indicators of probable ability to pay. They are based on business demographic factors, such as number of employees, years in business, industry stability, barriers to entry, and government data. We recommend that these ratings be used primarily as a starting point and should not be the sole factor used in making a credit decision. You must obtain more information from bank and trade references, local credit bureaus, or other sources before extending credit. We are not a financial advisor and make no representations or warranties as to the accuracy, timeliness or completeness of the rating scores, and as such will not be responsible for any losses resulting from the use of this information. Furthermore, our liability, if any, will be limited to the initial cost of the credit ratings fee paid by the purchaser.
